|--|--------------------------|--|
| <b>Module title</b>  |                          | <b>Abbreviation</b>  |
| Organic Chemistry 3 (teaching degree for secondary schools)  |                          | o8-OC3-LA-102-m01  |
| <b>Module coordinator</b>  |                          | <b>Module offered by</b>   |
| holder of the Professorship of Organic Chemistry   |                          | Institute of Organic Chemistry   |
| <b>ECTS</b>  | <b>Method of grading</b> | <b>Only after succ. compl. of module(s)</b>  |
| 6  | numerical grade          | o8-OC1 or o8-OC1-GHR   |
| <b>Duration</b>  | <b>Module level</b>      | <b>Other prerequisites</b>   |
| 1 semester   | undergraduate            | Admission prerequisite to assessment: successful completion of exercises in the respective classes as specified at the beginning of the course (usually 70% of exercises to be successfully completed) as well as regular attendance of exercises (usually a maximum of 2 incidents of unexcused absence). |
| <b>Contents</b>  |                          |  |
| The module focuses on polar rearrangements, olefination reactions, pericyclic reactions, carbenes, nitriles and radicals. It imparts basic knowledge of stereoselective synthesis, asymmetric catalysis, organometallic chemistry and retrosynthesis.  |                          |  |
| <b>Intended learning outcomes</b>  |                          |  |
| Students are able to formulate olefination reactions. They are able to develop stereoselective syntheses and asymmetric catalyses. Students are able to describe organometallic reactions. They are able to conduct retrosynthetic analyses of molecules.  |                          |  |
| <b>Courses</b> (type, number of weekly contact hours, language – if other than German)   |                          |  |
| V + Ü (no information on SWS (weekly contact hours) and course language available)   |                          |  |
| <b>Method of assessment</b> (type, scope, language – if other than German, examination offered – if not every semester, information on whether module is creditable for bonus)   |                          |  |
| a) 1 to 3 written examinations (1 written examination: approx. 90 minutes; 2 written examinations: approx. 60 or 90 minutes each; 3 written examinations: approx. 60 minutes each) or b) oral examination of one candidate each (approx. 20 minutes) or c) oral examination in groups (groups of 2, approx. 30 minutes)<br>Language of assessment: German or English                                       |                          |  |
| <b>Allocation of places</b>  |                          |  |
| --   |                          |  |
| <b>Additional information</b>  |                          |  |
| --   |                          |  |
| <b>Referred to in LPO I</b> (examination regulations for teaching-degree programmes)   |                          |  |
| --   |                          |  |
