Module coordinator		Module offered by
holder of the Professorship of Economic Geography		Institute of Geography and Geology
ECTS	Method of grading	Only after succ. compl. of module(s)
5	numerical grade	--
Duration	Module level	Other prerequisites
1 semester	graduate	--
Contents		
<p>The module gives an overview of international economic relationships and global trade in particular. Hubs of exchange concerning goods and services have formed in international trade and are the main focus of the course. Depending on the global economy, the world trade is continuously exposed to changes. This applies to centres of international trade, too. The contents of the lecture and seminar will be adapted to these changes, which will be discussed with students in detail, continuously.</p>		
Intended learning outcomes		
<p>The significance of global cities and the processes that contribute to changes in the global network structures will be discussed</p>		
Courses (type, number of weekly contact hours, language — if other than German)		
S (no information on SWS (weekly contact hours) and course language available)		
Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)		
<p>presentation (approx. 30 minutes) with written elaboration (approx. 25 pages), weighted 1:1 Language of assessment: German, English</p>		
Allocation of places		
<p>Number of places: 5. This module is only open for students of the Master's degree programme Economics (120 ECTS credits). Places will be allocated according to the number of subject semesters. Among applicants with the same number of subject semesters, places will be allocated by lot. A waiting list will be maintained and places re-allocated as they become available.</p>
