### Module title
Master Thesis and Oral Presentation
Final Colloquium by Students of Geography

### Abbreviation
09-MAAK-102-m01

### Module coordinator
Chairperson of examination committee Angewandte Physi-
sche Geographie (Applied Physical Geography)

### Module offered by
Institute of Geography and Geology

### ECTS
30

### Method of grading
Numerical grade

### Only after succ. compl. of module(s)
--

### Duration
1 semester

### Module level
Graduate

### Other prerequisites
--

### Contents
Applying adequate techniques and adhering to the principles of good scientific practice, students address a cur-
rent scientific question. The dissertation is documented in a master's thesis and defended in a colloquium.

### Intended learning outcomes
Students are qualified to scientifically work on a topic on their own. They are competent to discuss the current
research in the field. They are competent to work according to good practice and to document, interpret and to
discuss their results. They are competent to discuss and to defend their data in the scientific community. Stu-
dents are able to defend and discuss their work in front of an specialist audience and thus, possess the respecti-
ve competence to use their technical knowledge in a topic-related and relevant area.
