

Module title		Abbreviation
Introductory Programming Course (HCI)		10-HCI-B-EPP-242-m01
Module coordinator		Module offered by
Dean of Studies Informatik (Computer Science)		Institute of Human Computer Media
ECTS	Method of grading	Only after succ. compl. of module(s)
5	(not) successfully completed	--
Duration	Module level	Other prerequisites
1 semester	undergraduate	--
Contents		
The module provides advanced knowledge about the development of small to medium sized, high quality Java programs. During the internship, students solve programming tasks independently. Regular tutorials support students in this.		
Intended learning outcomes		
After participating in the module courses, students will be able to independently develop small to medium sized, high quality Java programs.		
Courses (type, number of weekly contact hours, language — if other than German)		
P (3)		
Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)		
practical examination (programming exercises, approx. 240 hours) and written examination (approx. 60 to 120 minutes). If announced by the lecturer at the beginning of the course, the written examination may be replaced by an oral examination of one candidate each (approx. 20 minutes) or an oral examination in groups of 2 candidates (approx. 15 minutes per candidate).
