Contents		
The module gives an overview of computer science didactics. It demonstrates and discusses possibilities for a practical application in the classroom.		
Intended learning outcomes		
Students are familiar (in particular in the area of computer science in <i>Sekundarstufe I</i>) with methods, techniques and media for teaching topics in computer science. They are able to didactically analyse and prepare practical topics. Students are familiar with both historical and current teaching approaches, typical teaching methods as well as guidelines and standards for teaching computer science. They are able to plan, organise and deliver classes.
