#### Contents

The programming language used is Java. In the practical course, small to middle-sized java programs are to be implemented independently.

#### Intended learning outcomes

The students are able to independently develop and implement small to middle sized Java programs.

#### Courses

P (no information on SWS (weekly contact hours) and course language available)

#### Method of assessment

Completion of programming exercises (approx. 240 hours) and written examination (approx. 60 to 120 minutes). If announced by the lecturer at the beginning of the course, the written examination can be replaced by an oral examination of one candidate each (approx. 20 minutes) or an oral examination in groups (groups of 2, approx. 30 minutes).

#### Allocation of places

--

#### Additional information

--

#### Referred to in LPO I

(examination regulations for teaching-degree programmes)
