**Duration**  
1 semester

**Module level**  
undergraduate

**Other prerequisites**  
--

**Contents**
The programming language used is Java. In the practical course, small to middle-sized java programs are to be implemented independently.

**Intended learning outcomes**
The students are able to independently develop and implement small to middle sized Java programs.

**Courses**
(type, number of weekly contact hours, language — if other than German)
P (6)

**Method of assessment**
(type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)
practical examination (programming exercises, approx. 240 hours) and written examination (approx. 60 to 120 minutes).
If announced by the lecturer at the beginning of the course, the written examination may be replaced by an oral examination of one candidate each (approx. 20 minutes) or an oral examination in groups of 2 candidates (approx. 15 minutes per candidate).

**Allocation of places**  
--

**Additional information**  
--

**Referred to in LPO I**
(examination regulations for teaching-degree programmes)
§ 49 I Nr. 1c

**Module appears in**
Bachelor' degree (1 major) Business Information Systems (2015)
First state examination for the teaching degree Realshule Computer Science (2015)
Bachelor' degree (1 major) Business Information Systems (2016)
