**Contents**
This course introduces students to programming as well as essential data structures and defines the terms algorithm, compiler and interpreter.

**Intended learning outcomes**
The students have developed fundamental programming skills.

**Courses**
V + Ü (no information on SWS (weekly contact hours) and course language available)

**Method of assessment**
written examination (approx. 30 to 60 minutes)
Assessment offered: once a year, winter semester

**Allocation of places**
Number of places: maximum 50. Places will be allocated according to the number of subject semesters. Among applicants with the same number of subject semesters, places will be allocated by lot.

**Additional information**
--

**Referred to in LPO I**
(examination regulations for teaching-degree programmes)
