Module title
NLP and Text Mining

Abbreviation
10-I=STM-162-m01

Module coordinator
holder of the Chair of Computer Science VI

Module offered by
Institute of Computer Science

ECTS
5
Method of grading
numerical grade
Only after succ. compl. of module(s)
--
Duration
1 semester
Module level
graduate
Other prerequisites
--

Contents
Foundations in the following areas: definition of NLP and text mining, properties of text, sentence boundary detection, tokenisation, collocation, N-gram models, morphology, hidden Markov models for tagging, probabilistic parsing, word sense disambiguation, term extraction methods, information extraction, sentiment analysis. The students possess theoretical and practical knowledge about typical methods and algorithms in the area of text mining and language processing mostly for English. They are able to solve problems through the methods taught. They have gained experience in the application of text mining algorithms.

Intended learning outcomes
The students possess theoretical and practical knowledge about typical methods and algorithms in the area of text mining and language processing. They are able to solve practical problems with the methods acquired in class. They have gained experience in the application of text mining algorithms.

Courses (type, number of weekly contact hours, language — if other than German)
V (2) + Ü (2)

Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)
written examination (approx. 60 to 120 minutes).
If announced by the lecturer at the beginning of the course, the written examination may be replaced by an oral examination of one candidate each (approx. 20 minutes) or an oral examination in groups of 2 candidates (approx. 15 minutes per candidate).
Language of assessment: German and/or English

Allocation of places
--

Additional information
Focuses available for students of the Master’s programme Informatik (Computer Science, 120 ECTS credits): AT, IT, HCI.

Workload
150 h

Teaching cycle
--

Referred to in LPO I (examination regulations for teaching-degree programmes)
--
