Contents

Independent review of a current topic in aerospace engineering on the basis of literature and, where applicable, software with written and oral presentation. The topics in modules 10-LURI-SEM1 and 10-LURI-SEM2 must come from different areas (this usually means that they are assigned by different lecturers).

Intended learning outcomes

The students are able to independently review a current topic in aerospace engineering, to summarise the main aspects in written form and to orally present these in an appropriate way.
