| Current topics of Theoretical Physics. Accredited academic achievements, e.g. in case of change of university or study abroad.  |                   |   |
| Intended learning outcomes  |                   |   |
| The students have advanced competencies corresponding to the requirements of a module of Theoretical Physics of the Bachelor's programme. They have advanced specialist knowledge of a subdiscipline of Theoretical Physics and have mastered the required methods. They are able to apply the acquired methods to current problems of Theoretical Physics.   |                   |   |
