

Module description

A4 11	1 - 4:41 -				Abbanistian
Module title					Abbreviation
Current Topics of Mathematical Physics 11-EXMP8-161-mo1					
Module coordinator				Module offered by	
chairp	erson o	f examination committe	e	Faculty of Physics and Astronomy	
ECTS Method of		od of grading	Only after succ. compl. of module(s)		
8	nume	rical grade			
Duration		Module level	Other prerequisites		
1 semester		graduate	Approval from exam	Approval from examination committee required.	
Contents					
Current topics of Mathematical Physics. Accredited academic achievements, e.g. in case of change of university or study abroad.					
Intended learning outcomes					
The students have advanced competencies corresponding to the requirements of a module of Mathematical Physics of the Master's programme. They have knowledge of a current subdiscipline of Mathematical Physics and understand the methods necessary to acquire this knowledge. They are able to classify the subject-specific contexts and know the application areas.					
Courses (type, number of weekly contact hours, language — if other than German)					
V(4) + R(2)					
Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)					
a) written examination (approx. 90 to 120 minutes) or b) oral examination of one candidate each (approx. 30 minutes) or c) oral examination in groups (groups of 2, approx. 30 minutes per candidate) or d) project report (approx. 8 to 10 pages) or e) presentation/talk (approx. 30 minutes). If a written examination was chosen as method of assessment, this may be changed and assessment may instead take the form of an oral examination of one candidate each or an oral examination in groups. If the method of assessment is changed, the lecturer must inform students about this by four weeks prior to the original examination date at the latest. Language of assessment: German and/or English					
Allocation of places					
Additional information					
Workload					
240 h					
Teaching cycle					
Referred to in LPO I (examination regulations for teaching-degree programmes)					
Modu	le appea	ars in
