

## Module description

Module title  Solid State Physics 1  Module coordinator				Abbreviation  11-FKP-092-m01  Module offered by						
					Manag	ging Dir	rector of the Institute	of Applied Physics	Faculty of Physics and Astronomy	
					ECTS	Meth	od of grading	Only after succ. c	Only after succ. compl. of module(s)	
8	nume	erical grade								
Duration		Module level	Other prerequisit	Other prerequisites						
1 semester		undergraduate	sessment. The led at the beginning of sidered a declarar dents have obtain the course of the sessment into efforted to assessment sessment at a late	Certain prerequisites must be met to qualify for admission to assessment. The lecturer will inform students about the respective details at the beginning of the course. Registration for the course will be considered a declaration of will to seek admission to assessment. If students have obtained the qualification for admission to assessment over the course of the semester, the lecturer will put their registration for assessment into effect. Students who meet all prerequisites will be admitted to assessment in the current or in the subsequent semester. For assessment at a later date, students will have to obtain the qualification fo admission to assessment anew.						

#### Contents

Physical laws of solids: Bonding and structure, lattice dynamics, thermal properties, principles of electronic properties (free electron gas).

### **Intended learning outcomes**

The students understand the basic contexts and principles of solids (bonding and structure, lattice dynamics, thermal properties, principles of electronic properties (free electron gas).

Courses (type, number of weekly contact hours, language - if other than German)

V + Ü (no information on SWS (weekly contact hours) and course language available)

**Method of assessment** (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)

written examination (approx. 120 minutes, for modules with less than 4 ECTS credits approx. 90 minutes; unless otherwise specified)

Assessment offered: When and how often assessment will be offered depends on the method of assessment and will be announced in due form under observance of Section 32 Subsection 3 ASPO (general academic and examination regulations) 2009.

#### Allocation of places
