Module title: Visiting Research
Abbreviation: 11-FPA-161-m01

Module coordinator: chairperson of examination committee
Module offered by: Faculty of Physics and Astronomy

ECTS: 10
Method of grading: numerical grade
Only after succ. compl. of module(s): --

Duration: graduate
Module level: Approval from examination committee required.
Other prerequisites: --

Contents
Independent work on a current research topic of Experimental and Theoretical Physics. Implementation of scientific experiments including analysis and documentation of the results, especially in the context of research visits to other universities or research institutes.

Intended learning outcomes
The students are able to independently work on a current research area of Experimental or Theoretical Physics, to conduct and analyse scientific experiments and to document the results.

Courses
(type, number of weekly contact hours, language — if other than German)
R (0)

Method of assessment
(type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)
project report (10 to 20 pages)
Language of assessment: German and/or English

Allocation of places
--

Additional information
--

Referred to in LPO I (examination regulations for teaching-degree programmes)
--
