Module title

FOKUS Project Practical Course Physics

Module coordinator

chairperson of examination committee

Module offered by

Faculty of Physics and Astronomy

ECTS

10

Method of grading

numerical grade

Only after succ. compl. of module(s)

Duration

1 semester

Module level

graduate

Other prerequisites

--

Contents

Independent work on a current research topic of Experimental and Theoretical Physics and implementation of scientific experiments including analysis and documentation of the results.

Intended learning outcomes

The students are able to independently work on a current research area of Experimental or Theoretical Physics, to conduct and analyse scientific experiments and to document the results.

Courses

P (no information on SWS (weekly contact hours) and course language available)

Method of assessment

placement report / fieldwork report / report on practical training / report on practical course / project report / report on technical course (approx. 20 pages) and talk (approx. 30 minutes) on respective topic researched

Language of assessment: German or English

Allocation of places

--

Additional information

--

Referred to in LPO I (examination regulations for teaching-degree programmes)
