| Contents | | | | | |
| Conception and realisation of experimental stations with ordinary and inexpensive consumables for classes of Grundschule and secondary level I. | | | | | |
| Intended learning outcomes | | | | | |
| The students develop simple scientific experimenting stations to use for the transition from primary to secondary level I for small groups from different types of schools. In doing so, they learn to simplify and convey scientific contents relevant to the curriculum in due consideration of the target group. | | | | | |
