

Module title					Abbreviation
Laboratory Course Physics C for Space- and Aerospace Computer Science					11-P-LRC-141-m01
Module coordinator				Module offered by	
Managing Director of the Institute of Applied Physics				Faculty of Physics and Astronomy	
ECTS			Only after succ. compl. of module(s)		
4			11-P-PA and 11-P-LRB		
Duration		Module level	Other prerequisites		
1 semester		undergraduate			
Contents					
Physical laws of wave optics, Molecular, Atomic and Nuclear Physics and modern measuring methods using spe- cial computerised devices with examples from optics and Solid-State Physics.					
Intended learning outcomes					
le to independently plan and conduct experiments, to cooperate with others, and to document the results in a measuring protocol. They are able to evaluate the measuring results on the basis of error propagation and of the principles of statistics and to draw, present and discuss the conclusions. Courses (type, number of weekly contact hours, language – if other than German)					
P (no information on SWS (weekly contact hours) and course language available)					
Method of assessment (type, scope, language – if other than German, examination offered – if not every semester, information on whether module is creditable for bonus)					
a) Preparing, performing and evaluating (lab report) the experiments will be considered successfully completed if a Testat (exam) is passed. Experiments that were not successfully completed can be repeated once. And b) talk (with discussion; approx. 30 minutes) to test the candidate's understanding of the physics-related contents of the module component. Talks that were not successfully completed can be repeated once. Both components of the assessment have to be successfully completed.					
Allocation of places					
Additional information					
Additional information on module duration: 1 to 2 semesters.					
Workload					
Teaching cycle					
Referred to in LPO I (examination regulations for teaching-degree programmes)					
Module appears in					
Bachelor' degree (1 major) Aerospace Computer Science (2014)
