

Module description

		W. 48-24.18-2		7,7,7		
Module title					Abbreviation	
Basic Practical Course B (Minor Studies) 11-P-NFB-122-m01						
Module coordinator				Module offered by		
Managing Director of the Institute of Applied Physic				Faculty of Physics and Astronomy		
ECTS	Method of grading Only after succ. compl. of module(s)					
4	(not)	successfully completed	11-P-PA	4		
Duration		Module level	Other prerequisites			
1 semester		undergraduate				
Contents						
Physical laws of optics, vibrations and waves, science of electricity and circuits with electric components.						
Intended learning outcomes						
The students know and have mastered physical measuring methods and experimenting techniques. They are able to independently plan and conduct experiments, to cooperate with others, and to document the results in a measuring protocol. They are able to evaluate the measuring results on the basis of error propagation and of the principles of statistics and to draw, present and discuss the conclusions.						
Courses (type, number of weekly contact hours, language — if other than German)						
P (no information on SWS (weekly contact hours) and course language available)						
Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)						
a) Preparing, performing and evaluating (lab report) the experiments will be considered successfully completed if a Testat (exam) is passed. Experiments that were not successfully completed can be repeated once. And b) talk (with discussion; approx. 30 minutes) to test the candidate's understanding of the physics-related contents of the module component. Talks that were not successfully completed can be repeated once. Both components of the assessment have to be successfully completed.						
Allocation of places						
Additional information						
Additional information on module duration: 1 to 2 semesters.						
Workload						
Teaching cycle						
Referred to in LPO I (examination regulations for teaching-degree programmes)						
Module appears in
