## Module title
Basic Practical Course B (Minor Studies)

## Abbreviation
11-P-PB-NF-092-m01

## Module coordinator
Managing Director of the Institute of Applied Physics

## Module offered by
Faculty of Physics and Astronomy

## ECTS
3

## Method of grading
Only after succ. compl. of module(s)

## Duration
1 semester

## Module level
undergraduate

## Other prerequisites
--

### Contents
Physical laws of optics, vibrations and waves or science of electricity and circuits with electric components.

### Intended learning outcomes
The students have knowledge and skills of physical measuring instruments and experimental techniques. They are able to independently plan and conduct experiments in cooperation with others, and to document the results in a measurement protocol.

### Courses
- Klassische Physik (Classical Physics, KLP): P (2 weekly contact hours)
- Elektrizitätslehre und Schaltungen (Electricity and Circuits, ELS): P (2 weekly contact hours)

### Method of assessment
This module has the following assessment components
- a) Preparing, performing and evaluating the experiments will be considered successfully completed if a Testat (exam) is passed. b) Talk (with discussion) to test the students' understanding of the physics-related contents of the course (approx. 30 minutes).

Students must register for assessment online (registration deadline to be announced).

Students will be offered one opportunity to retake element a) and/or element b). To pass an assessment component, students must pass both elements a) and b).

To pass this module, students must successfully complete one out of the two courses.

To pass this module, students must pass the assessment components.

### Allocation of places
--

### Additional information
--

### Referred to in LPO I
( examination regulations for teaching-degree programmes)

- § 53 (1) 1. a) Physik Mechanik, Wärmelehre, Elektrizitätslehre, Optik, der speziellen Relativitätstheorie
- § 53 (1) 1. c) Physik physikalische Grundpraktika
- § 77 (1) 1. d) Physik *physikalische Praktika*

### Module appears in
Bachelor's degree (1 major, 1 minor) Physics (Minor, 2010)
