<b>ECTS</b>	<b>Method of grading</b>	<b>Only after succ. compl. of module(s)</b>
5	numerical grade	--
<b>Duration</b>	<b>Module level</b>	<b>Other prerequisites</b>
1 semester	graduate	--
<b>Contents</b>		
<p>Content: This module provides students with an overview of the structure of a business information system (SAP Business ByDesign) in depth.</p> <p>Outline of syllabus: 1. Integrated information systems: integration, standard software, system architecture 2. Working with standard business software 3. Consulting in integrated information systems: project management, project organisation, presentation skills</p> <p>Description: The lecture will be accompanied by an exercise that will present students with an opportunity to access, in small groups, the enterprise resource planning system operated by the Chair in its ERP laboratory and to work with the software, dealing with a wide variety of business processes. If you would like to register for this course, please submit an application to the consultants (cover letter, CV, certificates; please also specify your degree programme and student ID number).</p>		
<b>Intended learning outcomes</b>		
<p>After completing the course "Business Software 1", students will be able to (i) understand an ERP system in its depth; (ii) understand the interaction of business processes; (iii) execute business tasks and processes in an ERP system independently (after participation in the practice lessons).</p>		
<b>Courses</b> (type, number of weekly contact hours, language – if other than German)		
V (2) + Ü (2)		
<b>Method of assessment</b> (type, scope, language – if other than German, examination offered – if not every semester, information on whether module is creditable for bonus)		
<p>a) written examination (approx. 60 minutes) or b) oral examination (one candidate each: 10 to 15 minutes, groups of 2: approx. 20 minutes, groups of 3: approx. 30 minutes) or c) term paper (15 to 20 pages) Language of assessment: German and/or English Assessment offered: Once a year, winter semester creditable for bonus</p>		
<b>Allocation of places</b>		
<p>20 places. Should the number of applications exceed the number of available places, places will be allocated as follows: (1) Master's students of Information Systems will be given preferential consideration. (2) The remaining places will be allocated to students of other subjects. (3) When places are allocated in accordance with (1) and (2) and the number of applications exceeds the number of available places, places will be allocated by lot among applicants from this group.</p>
