### Module coordinator

holder of the Chair of Human Resource Management and Organisation

### Module offered by

Faculty of Business Management and Economics

### ECTS

| 5 | numerical grade |

### Duration

| 1 semester |

### Module level

| graduate |

### Other prerequisites

| -- |

### Contents

The seminar "Empirische Personalforschung" ("Empirical Personnel Economics") introduces and discusses the most important estimation problems and their application in the software package STATA. In addition, students learn, with the help of basic problems of personnel economics, how estimation programs are programmed in STATA.

Reading list to be provided in class.

### Intended learning outcomes

The aim of the seminar is to enable students to understand and apply the most important estimation programs and their application in STATA with a focus on problems in personnel economics.

### Courses

| Ü (2) |

### Method of assessment

| term paper (approx. 10 pages) |

Assessment offered: Once a year as announced

Language of assessment: German and/or English

### Allocation of places

12 places. (1) Should the number of applications exceed the number of available places, places will be allocated by lot among all applicants irrespective of their subjects. (2) Places on all courses of the module with a restricted number of places will be allocated in the same procedure. (3) A waiting list will be maintained and places re-allocated by lot as they become available.

### Additional information
