<p>Description: The module builds on the knowledge acquired during the Bachelor's degree programme or the <i>Grundstudium</i> (stage I studies). It provides a systematic introduction to strategic marketing decisions in global and international contexts. These are explained mainly by Porter's diamond and cluster models. Another focus is on internationalisation strategies, which require country analyses and decisions on the selection of national markets as well as a timing of the countries market development. In addition, the module discusses different strategies for market entry and market development.</p> <p>Outline of syllabus: 1. Internationalisation of the economy and regional integration processes - Globalisation - Competitiveness of countries, industries and companies in an international context 2. International strategic marketing decisions - Market entry forms - Market development strategies - Timing strategies - International organisation structures 3. Theories and strategies of internationalisation - Foreign trade theory - Multinational enterprise - Internationalisation strategies</p> <p>Reading: Meffert, H. / Burmann C. / Becker, C.: Internationales Marketing-Management, Stuttgart etc. (most recent edition). Berndt, R. / Fantapié-Altobelli C. / Sander M.: Internationales Marketing-Management, Berlin etc. (most recent edition).</p>
