holder of the Chair of Business Management and Business Information Systems		Faculty of Business Management and Economics
ECTS	Method of grading	Only after succ. compl. of module(s)
10	numerical grade	--
Duration	Module level	Other prerequisites
1 semester	graduate	Admission prerequisite to assessment: regular attendance (minimum 70%) of seminar.
Contents		
With the help of topics from the area of business information systems and manufacturing automation, this module will provide students with an opportunity to consolidate their knowledge and skills regarding the preparation of a well-structured term paper and the presentation of the key results of their work.		
Intended learning outcomes		
The presentation as a result of the substantive research into the various fields of information processing task has to convince the critical participants. Through the presentation and answering the questions the participants practice to engage in critical situations for their own view of the problem and to represent their opinion convincingly.
