1 semester	graduate	--
<b>Contents</b>		
<p>This course deals with tax effects on fundamental economic decisions. Taxes are integrated into standard models for investment decisions, financing decisions, firm valuation, dividend policy and remuneration of employees. Therefore, the interaction of corporate and personal income taxes is analysed. A reading list in English is available on request.</p>		
<b>Intended learning outcomes</b>		
<p>This course enables students to            (i) combine their knowledge of tax law with microeconomic analyses in the areas of corporate and personal finance;            (ii) analyze the effect of taxes on fundamental economic decisions, e.g. investment and financing decisions, evaluation of investment, financial assets, forms of remuneration for employees including managing and assessing;            (iii) read and discuss research and policy papers in the field of taxation.</p>
