**Research and formats in crossmedia economics journalism 2**  
12-M-WJ2-161-m01

## Module coordinator

holder of the Professorship of Economic Journalism

## Module offered by

Faculty of Business Management and Economics

## ECTS

5

## Method of grading

numerical grade

## Only after succ. compl. of module(s)

--

## Duration

1 semester

## Module level

graduate

## Other prerequisites

--

## Contents

In this course, students will consolidate their knowledge of specific and advanced techniques of journalistic research (on the internet in particular). The course will focus on additional forms of journalistic presentation (interview, reportage, profile, commentary) for crossmedia publishing.

## Intended learning outcomes

German intended learning outcomes available but not translated yet.

## Method of assessment

portfolio (approx. 20 hours): reportage, profile and (polemic) commentary (including record of research activities) in different types of media (possible formats: text, audio or video)

Assessment offered: In the semester in which the course is offered

Language of assessment: German and/or English

## Allocation of places

20 places. The number of places is restricted to a maximum of 20, a maximum of 12 of which will be allocated to students of the Master’s degree subject International Economic Policy or Economics and a maximum of 8 of which will be allocated to students of the Master’s degree subject Medienkommunikation (Media Communication). Students of the Master’s degree subject International Economic Policy or Economics who have selected Wirtschaftsjournalismus (Economic Journalism) as their specialisation or focus will be given preferential consideration. If and when places remain untaken, these may be allocated to students of the Master’s degree programme Business Management. Should the number of applications exceed the number of available places, places will be allocated as follows: 1. Applicants will be ranked, in ascending order, according to the final grade of their first professional university degree in a related subject. 2. Places will be allocated according to this ranking. Among applicants with the same ranking, places will be allocated by lot. 3. A waiting list will be maintained and places re-allocated by lot as they become available. 4. Should the number of places set aside for students of the Master’s degree subject Medienkommunikation (Media Communication) exceed the number of applications from students of this subject, the remaining places will be allocated to students of the Master’s degree subject Medienkommunikation (Media Communication). 5. Should the number of places available for students of the Master’s degree subject Medienkommunikation (Media Communication) exceed the number of applications from students of this subject, the remaining places will be allocated to students of the Master’s degree subject Political and Social Studies. Should none or not all of these places be taken by students of the Master’s degree subject Political and Social Studies (after a lottery procedure), the remaining places will be allocated to students of the Master’s degree subject International Economic Policy or Economics.
