Contents		
<p>Part I: The complexity of the modern work environment and the constantly changing organisational structures of companies lead to a demand for young managers with a high diversity of expertise that are able to play their part in managing the organisational world. The lecture will provide students with an insight into the characteristics, tasks and instruments as well as the challenges of management in organisations and situations that are becoming ever more complex.</p> <p>Outline of syllabus: - Introduction -- Power in the daily management routine - Fundamentals of management in complex organisations - Tasks and instruments of management - Leadership in an intercultural context - Assurance of employability - Conclusion -- Management of supervisors and colleagues</p> <p>Part II: Today's world of work is characterised by continuous change in a global context. Mergers, integrations and acquisitions - these are key terms in this context. The majority of change processes does not have the desired effect or even fails. This is not least due to the fact that not enough attention is paid to the complexity of these processes and to employees. The support and integration of successful change processes is a central responsibility of managers as well as a complex and central task that requires sound preparation.</p> <p>Outline of syllabus: - Introduction - typical change scenarios - Psychological basics and concepts - Approaches and control in change projects - Measures and instruments of change management - The role of management - Conclusion - example of application acquisitions and cases</p>
