Intended learning outcomes		
<p>The course is mainly aimed at students of the faculties of technology and natural sciences who study IT-related subjects, but it is also interesting for students who want to complement and deepen their professional profile in this respect.</p> <p>Course participants will learn to write scientific texts in English and to make logical connections between sentences and paragraphs. Furthermore, they will learn to describe mathematical formula in English and to include them in continuous text, to formulate complex technical phenomena, which are to be described, explained and evaluated in IT-related fields of study and courses in a clear, structured and varied way. Furthermore, the course aims to provide the tools to critically evaluate (freely) available online tools that facilitate and support the writing process, and to use them in a goal-oriented way in the writing process.</p>
