<b>Contents</b>		
<p>This module equips students with an advanced knowledge of the target language that will allow them to communicate appropriately, in both written and oral form, at university and in the workplace. The course focuses on developing students' academic presentation skills while equipping them with science-specific communication skills in the target language as well as country-specific intercultural skills.</p>		
<b>Intended learning outcomes</b>		
<p>Students gain sound oral, science-specific communication skills in the target language. They develop advanced science-specific language skills that will allow them to communicate about selected topics in corresponding situations, using language flexibly. Students are proficient in scientific terminology and are able to present and discuss their theories and analyses in an appropriate manner. This module aims to enable students to reach level "C1 -- Effective Operational Proficiency" of the Common European Framework of Reference for Languages.</p>
