<b>Contents</b>		
This module equips students with natural sciences-specific language skills that will allow them to communicate in the target language, both at university and in the workplace.		
<b>Intended learning outcomes</b>		
Students gain natural sciences-specific communication skills (written and oral) in the target language. They develop advanced subject-specific language skills - including subject-specific terminology and structures - that will allow them to communicate about selected topics in the natural sciences in corresponding situations.
