**Contents**

This module equips students with natural sciences-specific language skills that will allow them to communicate in the target language, both at university and in the workplace.

**Intended learning outcomes**

Students gain natural sciences-specific communication skills (written and oral) in the target language. They develop advanced subject-specific language skills - including subject-specific terminology and structures - that will allow them to communicate about selected topics in the natural sciences in corresponding situations.

**Courses** (type, number of weekly contact hours, language — if other than German)

This module has 2 components; information on courses listed separately for each component.

- 42-FS3-EN_NW-1-072: Ü (no information on language and number of weekly contact hours available)
- 42-FS3-EN_NW-2-072: Ü + Ü (no information on language and number of weekly contact hours available)

**Method of assessment** (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)

This module has the following 2 assessment components. To pass the module as a whole students must pass one of the two assessment components.

**Assessment component to module component 42-FS3-EN_NW-1-072**: Englisch III Fachsprache Naturwissenschaften intensiv
