Contents		
The module provides an overview of aspects, concepts and elements of popular and new radio plays. The aim of the course is to create own radio plays whilst taking into account aspects of media criticism and school.		
Intended learning outcomes		
After successfully completing this module, the students have acquired profound skills in dealing with microphones, headsets, preamplifiers, and audio interfaces. Furthermore they are able to use audio software in a professional way and to process audio materials under production-aesthetic aspects. The participants are able to conceptualize and implement radio play structures by using a specific text source.
