**Duration**  
1 semester

**Module level**  
undergraduate

**Contents**
Practical introduction to creating a video project by using different working methods.

**Intended learning outcomes**
After successfully completing this module, the students have advanced knowledge of working with cameras and video editing software. Therefore, they are able to implement advanced projects in the field of film studies.

**Courses**  
(type, number of weekly contact hours, language — if other than German)

S (4)

**Method of assessment**  
(type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)

project including presentation (approx. 30 minutes) and/or written elaboration (3 to 4 pages)

**Allocation of places**
max. 11 places. Students applying after not having successfully completed assessment in the past two semesters will be given preferential consideration. The remaining places will be allocated by lot. A waiting list will be maintained and places re-allocated by lot as they become available.
