<b>Contents</b>		
The aim of the module is to create own websites whilst taking into account different aspects of layout options, user guidance etc. In addition, we discuss the differences and similarities between print media and the internet. Furthermore, we review and analyse popular websites to develop a critical approach to website creation.		
<b>Intended learning outcomes</b>		
After successfully completing this module, the students have acquired basic knowledge of designing websites. They have professional skills in creating own web presences and are able to critically reflect pre-existing web content.
