Contents
Students will gain background knowledge about different cultures and intercultural aspects of these cultures. Particular emphasis is placed on the diversity of values and life styles, different world views and orientation patterns, as well as different ways of living and thinking. At the same time, thematic emphases are treated under an intercultural point of view. With the help of practical exercises students can transfer their knowledge to situations of their own (pedagogical) actions.

Intended learning outcomes
Students have knowledge about cultures, cultural standards and intercultural connections. They are able to reflect and discuss about similarities and differences of different cultures. Via dealing with the diversity of cultures and cultural interpretative patterns they gain essential intercultural key competencies as well as self and social competencies. Practical exercises enable them to establish methodical competencies.
