Contents		
Students observe, analyze and reflect upon the education of a school abroad. They obtain information about the local conditions and the organization of the school. The exchange with the teachers facilitates reflection of the observed lesson process. The participation in project days and other school activities can improve the learning process through the interaction with the students.		
Intended learning outcomes		
The students can observe and analyze lessons with a special focus on teaching methods and the behavior of the teacher and the pupils. They recognize the learning potentials and interests of individual students. The observed results can be summarized and reflected upon in written form.
