<p>Beginning students determine their preferences, interests and goals for their studies with the help of a mentor in order to reach clarity about their choice of studies. Depending on their needs, the students will either learn the basics of an effective time management during their studies, reflect their job choice on basis of their own abilities or improve their communicative skills and their competence in speaking in front of an audience. The focus hereby lies on evaluating their choice of studies as well as their own abilities in connection to their academic teaching studies.</p>
