Contents		
<p>The students gain an insight into teaching practice. The focus lies on the conveyance of teaching methods and methods for individual advancement in the classroom. Through observations, coaching projects, internships or purposeful assignments inside or outside the classroom, the students have their own practical education and teaching experiences.</p>		
Intended learning outcomes		
<p>The students learn about various kinds of teaching methods and methods for individual advancement and differentiation. They are familiar with concepts about professional action in the classroom and about dealing with heterogeneity and difference. The acquired knowledge about teaching can already be applied in some cases.</p>
