<b>Contents</b>		
<p>The module offers opportunities for practical experience in the classroom and everyday school life and their theoretical reflection. This way, didactic concepts, teaching methods or methods for individual advancement and differentiation are conveyed. Through observations, individual advancement projects, internships or purposeful assignments inside or outside the classroom the students gain their own practical education and teaching experiences.</p>		
<b>Intended learning outcomes</b>		
<p>The students are able to put theoretical approaches into practice in an activity-oriented fashion and reflect upon it in a theory-driven way. They are experienced in the application of concepts and models in the classroom or in individual advancement. They can attribute the direct learning behavior of students to the use of concepts and models and therefore apply those purposefully. They are able to employ different approaches according when explaining teaching material to pupils according to this pupil's individual needs and capabilities.</p>
