Contents

The module teaches important key study-related skills in the field of academic writing. In addition to the preparatory work and basics of the academic writing process, the organization of research and instructions on writing in foreign languages, trained writing tutors use writing tasks to teach students how to write texts relevant to their studies and degree. Great emphasis is placed on practical application. Students receive feedback on the submitted portfolio and support with their own academic writing tasks.

Intended learning outcomes

Students have an overview of the basics and techniques of academic writing, citation methods and good academic practice. They are able to write texts relevant to their respective subject correctly, with stylistic confidence and in the correct form and are therefore familiar with various methods of academic writing.
