Key Competences for Teaching Professions 2			MINT-D2-162-m01
Module coordinator		**Module offered by**	
Chair of M!ND Center		M!nd-Center	
ECTS	**Method of grading**	**Only after succ. compl. of module(s)**	
5	(not) successfully completed	--	
Duration	**Module level**	**Other prerequisites**	
1 semester	graduate	--	

Contents

In the elite programme, the participants have the opportunity to improve key competencies which are of specific importance for occupations in the area of education and science. These competencies include: Intercultural competence (conscious approach to cultural differences); legal expertise and organisational competence (legal framework of educational institutions, sensitive approach to organisational problems); media competence (creating multimedia products for education processes, media analysis, evaluation of the effects of media); personal and social competence (personal qualities such as self-confidence, the ability to take criticism, a sense of responsibility and moral concepts); communication competence (especially communication in the educational and science system); ethical evaluation of science (moral standards of science, ethical framework conditions of science, philosophical aspects of STEM subjects)

Intended learning outcomes

Legal expertise and organisational competence; media competence; personal and social competence; personal qualities such as self-confidence, the ability to take criticism, a sense of responsibility and moral concepts; communication competence, ethical evaluation of science
