Defense of the master's thesis and discussion of two further music educational topics, which are selected in consultation with the examiner. Thematically, the three topics must be clearly distinguishable from each other in their professional frame of reference. The examination discussion is directed towards the proof of professional knowledge, its scientific classification and an appropriate linguistic presentation.		
Intended learning outcomes		
The student defends her/his master's thesis and has in-depth knowledge of two other selected topics in music education. She/he will be able to adequately fathom the acquired knowledge scientifically, to classify it and to critically reflect on it in competent contributions in free lecture as well as in professional dialogue.
