## Content and Objectives of the Programme

Graduates acquire a professional and scientific qualification via a framework a of multifaceted and variable curricular.

This enables them to respond to the demands of the labour market in different professional fields of pedagogical work: schools, extracurricular youth work, adult learning and early childhood education. They are able to reflect different pedagogical theories in their respective systematic, historical and socio-cultural contexts and are proficient in the design and execution of qualitative and quantitative research projects.

In addition to this graduates possess the ability to make reference to socio-political discourses. They demonstrate outstanding ability to become acquainted with the complexity of different thematic fields and to methodically conceive and organize them in a way that enables the creation of didactical arrangements of teaching and learning.

This acquired professional knowledge, competences and methodologies qualifies graduates for scientific work and for the critical reflection of scientific knowledge/results at a high academic level.

## Abbreviations used

Course types: **E** = field trip, **K** = colloquium, **O** = conversatorium, **P** = placement/lab course, **R** = project, **S** = seminar, **T** = tutorial, **Ü** = exercise, **V** = lecture

Term: **SS** = summer semester, **WS** = winter semester

Methods of grading: **NUM** = numerical grade, **B/NB** = (not) successfully completed

Regulations: **(L)ASPO** = general academic and examination regulations (for teaching-degree programmes), **FSB** = subject-specific provisions, **SFB** = list of modules

Other: **A** = thesis, **LV** = course(s), **PL** = assessment(s), **TN** = participants, **VL** = prerequisite(s)

## Conventions

Unless otherwise stated, courses and assessments will be held in German, assessments will be offered every semester and modules are not creditable for bonus.

## Notes

Should there be the option to choose between several methods of assessment, the lecturer will agree with the module coordinator on the method of assessment to be used in the current semester by two weeks after the start of the course at the latest and will communicate this in the customary manner.

Should the module comprise more than one graded assessment, all assessments will be equally weighted, unless otherwise stated below.

Should the assessment comprise several individual assessments, successful completion of the module will require successful completion of all individual assessments.

## In accordance with

the general regulations governing the degree subject described in this module catalogue:

**ASPO2009**

associated official publications (FSB (subject-specific provisions)/SFB (list of modules)):

**o8-Apr-2013 (2013-48)**

This module handbook seeks to render, as accurately as possible, the data that is of statutory relevance according to the examination regulations of the degree subject. However, only the FSB (subject-specific provisions) and SFB (list of modules) in their officially published versions shall be legally binding. In the case of doubt, the provisions on, in particular, module assessments specified in the FSB/SFB shall prevail.

1 semester	undergraduate	Prior to the placement, the CSC Pädagogik (CSC Pedagogy) must be consulted to have the planned placement generally approved as being a pedagogically suitable one. After the placement, the placement form must be completed and submitted.
<b>Contents</b>		
Work placements in pedagogical fields in order to acquire and advance professional knowledge.		
<b>Intended learning outcomes</b>		
The students acquire professional knowledge and continue learning on their own authority. In doing so, personal and social competencies are combined with the acquisition of professional knowledge. The students also acquire basic insights into and knowledge of institutions/organisations. The practical experience also serves as a possibility for the students to evaluate their own professional self-perception and ethics.
