Students will independently research and write on a topic in <i>Arbeitslehre</i> didactics they selected in consultation with the lecturer for <i>Arbeitslehre</i> didactics.		
Intended learning outcomes		
Students will be able to independently familiarise themselves with topics in <i>Arbeitslehre</i> didactics and to prepare the subject matter-specific basis for the completion of a practice-oriented assignment designed for pupils attending <i>Mittelschule</i> schools. Based on this subject matter-specific basis, they will be able to prepare, implement, and reflect upon a teaching project and perform the respective follow-up work or to document and evaluate a teaching activity (potentially in cooperation with non-school partners) or to evaluate whether a method or methods for use in the <i>Arbeitslehre</i> classroom is/are suitable for achieving the learning outcomes in one or more topics in the subject that are prescribed by the curriculum or to present, substantiate, and conclusively reflect upon the associated possibilities, limitations, problems, and opportunities during teaching practice or in the context of projects implemented at school. Students will be able to prepare an appropriate written account of the results of their work and, where applicable, will be able to illustrate complex concepts in an appropriate scholarly manner.
