Content and Objectives of the Programme

The certificate program Professional Skills (in the following PSZ) is offered by the Career Centre (Department 2.5 of Department 2: Student Service Center) as supplementary course program according to article 78 paragraph 5, sentence 1, no. 2 BayHIG and is aimed at students at JMU.

The goal of the certificate program is to prepare students for the global job market of the future and, even during their studies, to sensitize them to careers and working contexts that sometimes don't yet exist or are difficult to plan and predict. Professional skills enable them to independently plan and make the necessary adjustments. Unpredictable demands in the world of work require competencies that degree programs alone (may not) provide. This requires a high degree of initiative, which is developed and sharpened through the (additional) acquisition of cross-disciplinary skills.

Upon completion of the course of study, a certificate for the PSZ certificate program will be issued after all required module achievements have been met in accordance with this FSB.

Conventions

Unless otherwise stated, courses and assessments will be held in German, assessments will be offered every semester and modules are not creditable for bonus.

Notes

Should there be the option to choose between several methods of assessment, the lecturer will agree with the module coordinator on the method of assessment to be used in the current semester by two weeks after the start of the course at the latest and will communicate this in the customary manner.

Should the module comprise more than one graded assessment, all assessments will be equally weighted, unless otherwise stated below.

Should the assessment comprise several individual assessments, successful completion of the module will require successful completion of all individual assessments.

In accordance with

the general regulations governing the degree subject described in this module catalogue:
