<b>Contents</b>		
The module aims to cover and analyse selected thematic areas of didactics and methodology of the French course in detail.		
<b>Intended learning outcomes</b>		
When the module has been successfully completed, students have knowledge of the current theory development in didactics of the French language (for example they are familiar with competency models and standard definitions as well as studies concerning the acquisition and evaluation of pupil performances). Furthermore, they are able to evaluate the issue concerning its adequacy for the courses autonomously and to implement the teaching concepts within the competence and action-orientated lessons with the help of suitable media.

<b>Contents</b>		
The module aims to cover and analyse selected thematic areas of didactics and methodology of the Italian course in detail.		
<b>Intended learning outcomes</b>		
When the module has been successfully completed, students have knowledge of the current theory development in didactics of the Italian language (for example they are familiar with competency models and standard definitions as well as studies concerning the acquisition and evaluation of pupil performances). Furthermore, they are able to evaluate the issue concerning its adequacy for the courses autonomously and to implement the teaching concepts within the competence and action-orientated lessons with the help of suitable media.
