<p>The advanced module consolidates the basics that have already been acquired in the basic module. Hence, at least one subject area has to be covered in-depth and with emphasis in the introductory course, e.g. - didactics and methodology of the communicative English lessons, - intercultural learning, - theories of learning languages. The course does not necessarily cover contents of the core curriculum, but can also include newer research results of the English teaching methodology and its reference disciplines. The course is an optimal preparation for the written exam, which is also based on the core curriculum.</p>		
Intended learning outcomes		
Students acquire consolidated knowledge of covered areas of the English teaching methodology understand and reflect respective technical literature independently broaden their subject-specific repertoire of concepts.
