

# Subdivided Module Catalogue for the Subject

## Synopsis

with the degree "Zertifikatsprogramm als weiterbildendes  
Studium (ohne Niveauvorgaben)"  
(60 ECTS credits)

Examination regulations version: 2025  
Responsible: University of Würzburg

## Course of Studies - Contents and Objectives

The certificate program Synopsis is offered under the responsibility of the president of JMU as further education study program according to article 78 paragraph 1, sentence 2, no. 2, letter b) BayHIG.

The aim of the certificate program is to provide insights into different scientific cultures and the fundamentals of interdisciplinary scientific work before choosing an undergraduate degree program. This prepares students for subsequent specialized studies while also enriching them with cross-sectional or meta-competence. Furthermore, the connections between an interdisciplinary understanding of science and social issues are explored and tested in theory and practice.

Based on the study programme a certificate for the certificate programme Synopsis will be issued after all required module achievements have been completed in accordance with this FSB.

## Abbreviations used

Course types: **E** = field trip, **K** = colloquium, **O** = conversatorium, **P** = placement/lab course, **R** = project, **S** = seminar, **T** = tutorial, **Ü** = exercise, **V** = lecture

Term: **SS** = summer semester, **WS** = winter semester

Methods of grading: **NUM** = numerical grade, **B/NB** = (not) successfully completed

Regulations: **(L)ASPO** = general academic and examination regulations (for teaching-degree programmes), **FSB** = subject-specific provisions, **SFB** = list of modules

Other: **A** = thesis, **LV** = course(s), **PL** = assessment(s), **TN** = participants, **VL** = prerequisite(s)

## Conventions

Unless otherwise stated, courses and assessments will be held in German, assessments will be offered every semester and modules are not creditable for bonus.

## Notes

Should there be the option to choose between several methods of assessment, the lecturer will agree with the module coordinator on the method of assessment to be used in the current semester by two weeks after the start of the course at the latest and will communicate this in the customary manner.

Should the module comprise more than one graded assessment, all assessments will be equally weighted, unless otherwise stated below.

Should the assessment comprise several individual assessments, successful completion of the module will require successful completion of all individual assessments.

## In accordance with

the general regulations governing the degree subject described in this module catalogue:

**ZASPO2025**

associated official publications (FSB (subject-specific provisions)/SFB (list of modules)):

**12-Mar-2025 (2025-20)**

This module handbook seeks to render, as accurately as possible, the data that is of statutory relevance according to the examination regulations of the degree subject. However, only the FSB (subject-specific provisions) and SFB (list of modules) in their officially published versions shall be legally binding. In the case of doubt, the provisions on, in particular, module assessments specified in the FSB/SFB shall prevail.
